

Ontario Indigenous Travel Grant Informational Survey

The Ministry of Colleges and Universities is currently exploring options and approaches to ensure that Indigenous students from eligible remote communities have access to the Indigenous Travel Grant. As part of this work we are looking to better understand which institutions they are attending and from which communities. The survey is intended to anonymously collect data on the number of eligible students attending each post secondary institution in Ontario.

We very much appreciate your help and ask that you please return your completed survey and direct any questions to Marilyn Stoye at the Indigenous Education Branch. She can be reached at Marilyn.Stoye2@ontario.ca.

Please indicate the number of students from eligible remote communities you have worked with, or are currently sponsoring at each institution during the 2023-24 academic year.

The list of [eligible remote communities](#) is included on Page 4.
